

How to Practice Social Distancing in Your Community

What the Community Can Do:

Ask residents to **reduce visitors** such as guests and contractors.

Conduct meetings **remotely** through phone or videoconferencing technology.*

Cancel or postpone **nonessential meetings** and events.

Close **common areas** and amenities such as clubhouses, pools, and fitness centers.

What Residents Can Do:

Stay at least **6 feet** apart in enclosed spaces, including elevators, corridors, and shared laundry facilities.

Get **outside** for fresh air and exercise but maintain a safe distance between others.

Leave home for **necessary medical appointments, testing, and essential resources**, but wipe down any surfaces you come in contact with, disinfect your hands, and avoid touching your face.

Wear a **facemask** if you are sick.

*If allowed by state law and governing documents.
